

## Community Campaign

**to save the local  
church clock**

St John of Jerusalem, Lauriston Road opened its doors to the people of South Hackney in 1848. The clock, which faces out in three directions, was paid for by public subscription.

Local people paid for it to be there.

It would be wonderful if local people could now help to keep it there.

# Our fundraising target is £6,500

**Any donations - large or small - would be hugely appreciated**
